## Summary

Front-End Web Developer & Designer with 17+ years experience.

## Experience

### Front-End Web Developer, Folio Investing

2012 to 2015

- Updated older pages of website with HTML5 and CSS3.
- Implemented Bootstrap.
- Worked with the marketing team on print and web advertisements.
- Collaborated with development team on the function of certain pages.
- Made regular updates to website, such as Careers and Newsroom pages.
- Worked with QA and Java developers on testing and troubleshooting existing and new features.

### Web Designer & Developer, Self-Employed

2000 to present

- Discussed and collaborated with clients about their website needs.
- Organized their ideas and presented solutions for their concerns.
- Designed websites as well as branding and advertising materials.
- Coded websites using clean HTML and CSS.
- Customized WordPress templates.
- Flash animated banner ads and slideshows.
- Maintained devoted clientele for 10 years.

### Senior Designer, Faster Solutions, Inc.

2004 to 2010

- Created websites from concept to launch.
- Guided a team of three designers to build according to web standards and using clean, valid HTML and CSS, resulting in a high-quality product that is faster to maintain.
- Streamlined the design and development processes, resulting in better work completed in half the time.
- Trained two Print Designers to utilize their skills for Web Design.
- Restructured a website consisting of several dozen sections, subsections, and their subsequent pages.
