Summary

Front-End Web Developer & Designer with 17+ years experience.

Experience

Front-End Web Developer, Folio Investing

2012 to 2015

Updated older pages of website with HTML5 and CSS3.

Implemented Bootstrap.

Worked with the marketing team on print and web advertisements.

Collaborated with development team on the function of certain pages.

Made regular updates to website, such as Careers and Newsroom pages.

Worked with QA and Java developers on testing and troubleshooting existing and new features.

Senior Designer, Faster Solutions, Inc.

2004 to 2010

Created websites from concept to launch.

Guided a team of three designers to build according to web standards and using clean, valid HTML and CSS, resulting in a high-quality product that is more efficient to maintain.

Streamlined the design and development processes, resulting in better work completed in less time.

Trained two Print Designers to utilize their skills for Web Design.

Restructured a website consisting of several dozen sections, subsections, and their subsequent pages.

Web Designer & Developer, Self-Employed

2000 to present

Discussed and collaborated with clients about their website needs.

Organized their ideas and presented solutions for their concerns.

Designed websites as well as branding and advertising materials.

Coded websites using clean HTML and CSS.

Customized WordPress templates.

Flash animated banner ads and slideshows.

Maintained devoted clientele for 10 years.
